REQUEST FOR CERTIFICATE OF CORRECTION—

APPLICANT'S MISTAKE

Commissioner of Patents
Washington, D.C. 20231

Sir:

Pursuant to 35 USC 255, Inventor respectfully requests correction of the following mistakes of a clerical or typographical nature contained in the above patent, which inadvertently occurred and were just noticed by Inventor:

In Claim 1, Column 5, line 3, the term “having” should be changed to —comprising- to conform to the Summary of the Invention text in Column 1, Line 55, which states “The invention comprises...” This language change is consistent with the subsequent dependent claims 3, 4 and 6, which add structural limitations using the term “including,” which is often used as synonymous with “comprising”.

In Claim 10, Column 6, line 3, the term “having” should be changed to —comprising- to conform to the Summary of the Invention text in Column 1, Line 55, which states “The invention comprises...”

Inventor failed to notice earlier the above typographical and clerical errors and seeks correction of the same to make the claim consistent with the text. It is believed that these changes are either of a clerical nature, or a typographical nature, and do not constitute new matter or require reexamination. The oversight occurred as a result of applicant's good faith failure to notice earlier these errors.

Inventor accompanies this Request for a Certificate of Correction with a check for \$100.00, and also attaches a proposed Certificate of Correction.

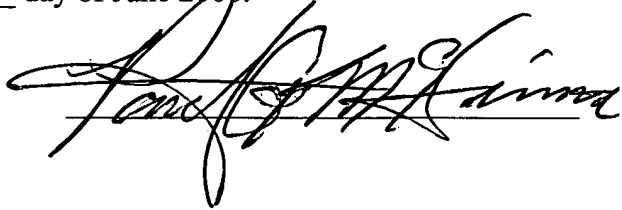

Respectfully submitted this 12th day of June 2006.

Paul G. McKinnon, Inventor

3100 North SR16
Woodruff, Utah 84086
